## INTRODUCTION

# Hey there, I'm Vanessa Guinto.

I'm a dog lover, cookie baker, and former professional dancer. I founded **TULA LIVING** because of my neat-freak tendencies, eye for design, passion for mental health and deep desire to help others.

I focus on practicing **self-care** through simple living, decluttering, organizing, and interior design. I'm also passionate about helping people love where they live because of the positive effects it has on emotional well-being and quality of life. When you take care of your space, it will in turn take care of you.

My mission is to transform spaces that support your well-being and make you wonder how you ever lived without it.

## COLOUR CONSULTATION

BEFORE

AFTER

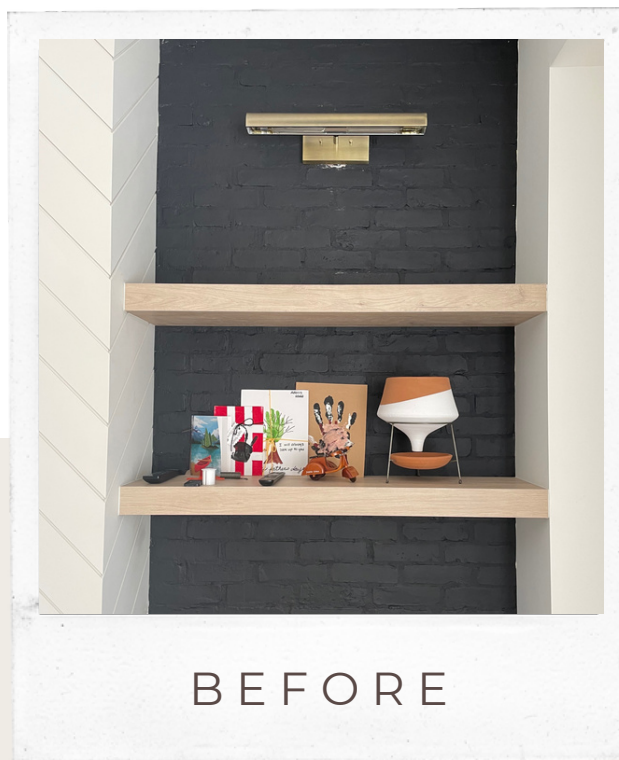

*Make a statement with a paint. We know there's a lot of colour options out there, but we can help narrow down your selection for the best impact.*

## SHELF STYLING

Liz was tired of looking at her underwhelming shelves and wanted it to *feel more like home*. After a day of shopping together, we mixed new accessories with personal sentimental pieces to make it feel like a *true expression of her family life and journey*.

These intentionally styled pieces attract your eye to these stunning built-in shelves for a fun conversation starter or trip down memory lane.

## ROOM STYLING

BEFORE

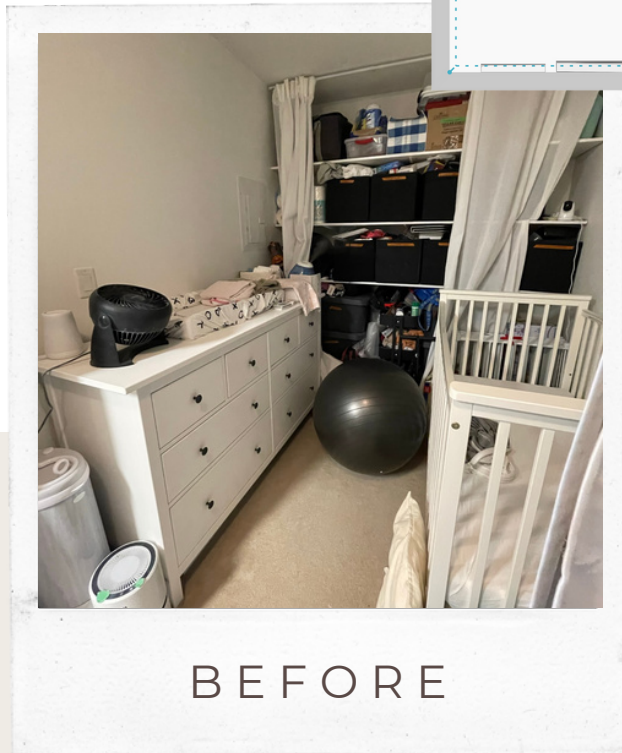

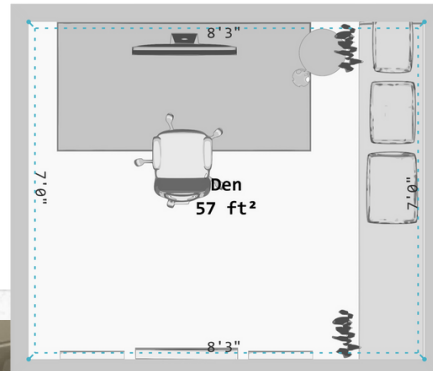

AFTER

You don't need a 5-star hotel to feel like you're on a relaxing getaway! The use of calming blues, neutrals, and cozy layering brings the experience straight to you, *right at home*.

## SPACE PLANNING

When we transitioned this nursery into a home office, we provided a floorplan so that our clients could *envision* the recommendations before finalizing decisions. This helped to see if specific pieces of furniture would actually fit in the space before having to physically move things around.

## CLIENT LOVE

We had the pleasure of using Tula Living's interior decor and organization services for our 1 bedroom + den condo. What a difference it made to get some expert advice and input on our home!

**WE WERE ABLE TO MAKE SOME SIMPLE AND AFFORDABLE CHANGES THAT HAD OUR SMALL SPACE FEELING SO MUCH BIGGER, MORE ORGANIZED, AND DE-CLUTTERED.**

We are super grateful for Vanessa & Tula Living's services as she showed us how to make living in a small space work, without too much compromise!

## FULL ROOM DESIGN

BEFORE

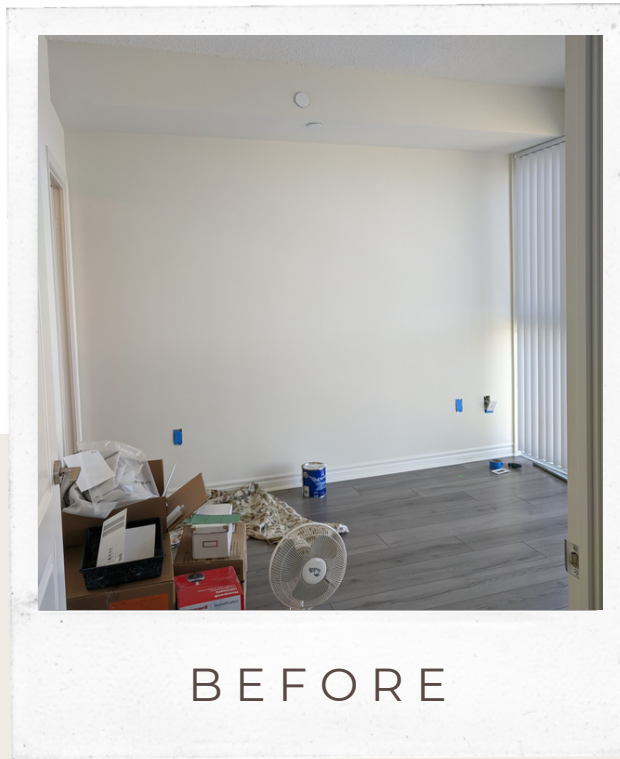

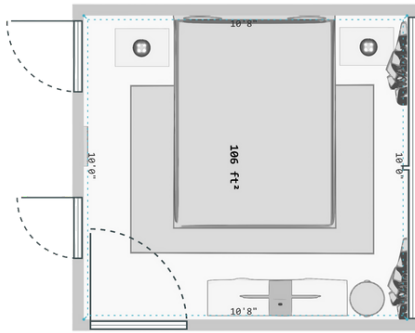

AFTER

From dark and daunting to *bright and airy*, we were able to refresh this living space with some decluttering, the right furniture, and accessories.

## FULL ROOM DESIGN

BEFORE

AFTER

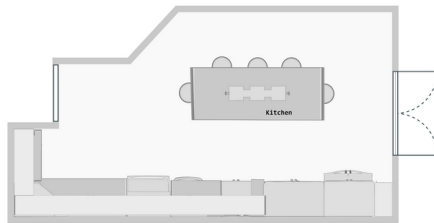

Furnishing a home is *a lot of work* but moving into this new space was made easier with a cohesive design plan! The grounding greens infuse this space with personality while the neutrals create a sense of *balance and harmony*.

## KITCHEN PLANNING

BEFORE

AFTER

The original kitchen layout gave Gillian *such a headache* because it didn't function for her at all. We created a new layout plan and mood board so she could have a *clear guide* to share with her contractor during the renovation process.
